RESPONSE TO RESTRICTION REQUIREMENT

REMARKS

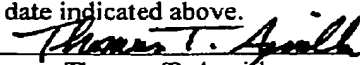

The Office Action of October 3, 2005 has been reviewed and its contents carefully noted. Reconsideration of this case is earnestly requested. Claims 1-25 remain in this case.

The Restriction Requirement

The requirement for restriction and/or election, as best understood, is respectfully traversed. However, in the interest of moving prosecution forward and to avoid abandonment of the application, **Applicant hereby elects Group I, claims 1-20, for initial search and examination.** Furthermore, Applicant respectfully submits that Group V, claim 25, should be examined together with the elected claims in Group I, as all of the claims are directed to a method for vehicle stabilization and thus the searches would be co-extensive.

The MPEP states the following with regard to stating a *prima facie* case of restriction between patentably distinct inventions:

"There are two criteria for a proper requirement for restriction between patentably distinct inventions:
